We are enjoying and appreciating the abundant mercies of God that meet us each and every morning. Being in the full time service of the One and Only True and Living God is an honor and privilege that we cannot find the words to thank Him enough for! We pray that you too are living your life to serve Him and walking in a manner that earns Him the respect and worship from the world that He has made. He is worthy. Read on and witness the miraculous things He is doing in Africa.

*Thank you for your faithful financial support and prayers that allow us to walk the dusty roads of Africa to lay our hands to the plow! Blessings on you!*

**GHANA**

THRIVE Farms in Nkwanta Ghana is finally up and running. The first 500 layers were received this week. Pray that God will bless THRIVE Farms to provide healthy and affordable protein options for the community and viable inroads for discipleship. May His Name be made known!!

**MALI**

In Mali, 385 Muslim kids entered the courtyard of one of our missionaries during Tabaski to receive cool refreshment in the heat AND to hear about the Lamb of God, who takes away the sin of the world. We might not know right away how many children will accept the truth - but the stories were received well. Pray with us that the Holy Spirit will open blinded eyes!

**CHINN FAMILY UPDATES**

Lloyd and Jan were grounded in the USA this Fall as Jan has been victim to petite seizures as a result of Complex Migraines. Jan has been prescribed a medication that will prevent both the migraines and the seizures. Africa travels have been postponed until reactions to the medications are logged. She is doing very well presently.

Thank you all so much for your kind thoughts and prayers during the loss of our nephew, Jacil. His death was tragic and very painful for us. Your words have helped the hurt and we are grateful for you. God Bless You!

## GUINEA

In Guinea we are building a Beachhead - a facility where we will educate missionary kids; house missionaries; and train national church leaders. We call it a beachhead because it is the place from where we will launch the ministry of the gospel in this part of the world. We need committed people - interested? Get in touch! Pray for open opportunities for the gospel and for committed gospel workers.

## SENEGAL

In Dakar we've had a longstanding ministry to street boys. According to some estimates, at least 50,000 Senegalese boys enter this system of apparent injustice. It has been illegal for us to engage in many areas of this ministry. We are grateful that we have been able to partner with the International Baptist Church of Dakar which is pastored by Pastor Kwame Owusu Baafi, a friend from Ghana, to continue this ministry at deeper levels. Pray that these young men will be introduced to Christ; that they will have opportunities for a healthy life; and that this abusive system will come to an end.

## COTE D'IVOIRE

On September 19th our Girl's Christian Vocational School opened its doors! We had 25 students; 10 are boarding students. School supplies were available with sturdy bags - thanks to faithful supporters; and a seamstress was on hand to ensure that each girl will have a nice uniform! Pray that all of the needs will be met; that each girls file will be complete; that the dorm mom/cook will have all that she needs to care for these young ladies.

## PRAYER REQUESTS

- Pray for our spiritual vitality; that we will remain connected to the vine and continue to take our leading from the Holy Spirit.
- Pray for wisdom; pray that we will listen well to the Lord's voice as we shepherd His servants across the continent of Africa.
- Pray for transitions; pray that we will find joy in the changes and that we will embrace the changes that God is calling us to in this season.
- Pray for spiritual encouragement for our International Workers across Africa; pray that God will continue to give them grace in difficult times.
- Pray for financial resources for new International Workers that are attempting to raise support to go out to the field.

A time to celebrate our missionary's hard work and dedication as well as to provide soul care so that our Africa personnel can return to their countries affirmed, afreshed and restored. The cost for a family of 4 is about \$1,500 - and will provide them with some much needed rest, encouragement and refreshment.
